All Results Summary - End of Year 2018/2019

KS2 tests were marked externally. All test results are converted into a scaled score. This score gives an indication of how children have achieved against the national standard. A score of 100 represents the new national expectation. Any score below 100 is deemed as working towards the expected standard and any score above 100 is deemed at working at a higher standard. These results will be part of the school performance tables published by the DFE.
